We reluctantly part with this good roan daughter of Duncrahill Happy Man. She was part of our 1971 showstring and has been bred on June 24th to Stone Oak Leader X (Dutch), Grand Champion bull for Acadia all the 1971 show season. We feel her to be a most useful brood cow. Her dam and full sister stand in our herd. TB accredited and Bangs certified.

This first calf heifer has a good April 23rd Happy Man bull calf at side and she has resettled to the same bull. She is out of a maternal sister to Bapton Constructor; a cow in our herd we consider to be one of our most valuable and highest producing cows. We feel this daughter will make a good brood cow addition to any herd. TB accredited and Bangs certified.

Red, Christley &amp; Frisk

RAE Clara Jo is an outstanding young cow with an outstanding Aug. 19, 1972 roan heifer calf (Birth weight 70 lbs.) by the legen-

dary Halcyon Mandate. Clara Jo had a 22 month weight of 900 and graded 14X, which was accomplished strictly on forages, and was out the entire winter after weaning. She weighed 1,095 at 34 months with a strapping 30 day old calf at side, and would now weigh close to 1,200. Harold Frisk said "never to sell her if I wanted to stay in the business", but our hopes are to top the sale with her. She may be serviced to Belle Meads Brigadier before sale day, but will not be able to guarantee her.

Here is a young cow and a Queen of Beauty. The fact that our young heifers have all been sold is the only reason this cow is in the sale. She is the dam of the impressive bull we sold in the sale last fall. Bred to Timberlee's Tradewind 5th. Her calf should be a good one.

## **STANDARD GUARANTEE**

**Endorsed by**

### **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense or freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as the service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
